

# Acousticians

## We want to hear from you.

## We're growing...

Having been a trusted partner on a range of building and environmental schemes for a number of years, we're looking to build on our success and grow our national Acoustics teams.

We have positions based in either our Bristol or Manchester office with occasional travel to our other UK offices and across the country to the various development sites.

## What's on offer?

We're have the following positions available, both of which can be based from our Manchester or Bristol offices:

[Acoustician / Acoustic Consultant](#)

[Principal Acoustician / Acoustic Consultant](#)

PBA provides significant opportunity for career progression and personal development through the delivery of high value quality services to influential clients. It's a friendly and supportive environment for our employees where they can attain their personal career goals.

We offer a competitive salary and flexible benefits package, which includes contributory pension plan, discretionary bonus scheme and flexible benefits allowance.
