

Realise your ambitions,

discover what's possible with Temple in London
and Manchester

Temple is one of the UK's leading independent infrastructure and property consultancies, specialising in environment, planning and sustainability.

We particularly enjoy working on the most exciting and complex projects and our current project portfolio includes environmental assessment services for HS2, Northern Powerhouse Rail, iconic property developments and large regeneration programmes, as well as supporting the planning applications for a wide range of smaller property developments. Temple is also providing acoustics services for the construction of Crossrail, London Overground, the Northern Line Extension and Thames Tideway Tunnel.

A number of exciting acoustic opportunities have arisen within the business in our London and Manchester offices.
