

A FRESH CHALLENGE LONDON

WSP Acoustics currently has a vacancy for a senior level combined architectural/M&E acoustician to join our dynamic team at our head office in Central London. As a team player with strong technical skills and commercial aptitude you will deliver a great client experience, help develop the business, manage medium to large projects and nurture other members of the team.

Being an integral part of a multi-disciplinary and global organisation, there will be opportunities to be involved in many high profile projects. Current UK based projects include the Shard of Glass at London Bridge, Zayed National Museum in Abu Dhabi and a 5* hotel in Mauritius.

Given our acoustic presence in Scandinavia, the Middle East and Australia – along with future planned expansion into South Africa, India and the Far East - there are also international opportunities for the right individual.

We are looking for someone with:

- Enthusiasm and drive
- Ability to liaise with a wide range of people - high level Developers through to site fitters
- Ability to work as a valued team member with Architects, MEP and Structural Engineers
- Able to determine a Client's requirements

You need to:

- Have a minimum 10 years' experience
- Be London area based
- Be social and team spirited

If this sounds interesting, we would love to hear from you. Please submit your CV and covering letter to our Human Resources Team and we will be in touch.

FURTHER INFORMATION

We offer a compensation structure commensurate with qualifications and track record of success. Interested applicants should send or email full Curriculum Vitae to our Human Resources Department, WSP Environmental Ltd. WSP House, 70 Chancery Lane, London, WC2A 1AF or e-mail to sarah.thienel@wspgroup.com
