

Acoustics & Senior Acoustics Consultants

We are a progressive and growing acoustic consultancy seeking motivated acousticians to support our expanding and diverse project portfolio across the architectural, environmental, industrial and maritime sectors.

Candidates should have experience in architectural acoustics and a strong understanding of key UK standards and guidance. Familiarity with acoustic modelling software is an advantage.

We offer a competitive salary, a clear career progression pathway, a four-day working week, and an enhanced holiday loyalty scheme within a supportive and professional team environment. While North West based consultants are preferred, hybrid working arrangements will be considered. Email your CV with cover letter to m.woolley@environoise.co.uk. Applications by email only please.

Unit 6, Monks Ferry, Birkenhead, Wirral, Merseyside CH41 5AZ

Progress through creative acoustic consultancy
