The Opportunity

Peter Brett Associates (PBA), now part of Stantec, are seeking an experienced acoustician to join the practice based in our Manchester offices.

Our Acoustics team offers both environmental and building acoustics capability across the UK, based from our conveniently-located offices in Manchester and Bristol city centres.

Based from the Manchester office, you'll be working primarily within multi-disciplinary teams to deliver complex, challenging, and diverse building and infrastructure projects, whilst supporting the growth and development of the existing team's capabilities as a trusted mentor for colleagues.

You'll be a pro-active, ambitious, and a proven acoustic consultant, capable of demonstrating strong Project Management skills and a good working knowledge of British Standards and Regulations. You'll have an appetite to develop your own mentoring and leadership skills, whilst embracing new opportunities to expand your own skillset and experience.

This role will involve regular liaison with our other UK offices, as well as occasional travel to various development sites.

Key duties will include:

- Undertaking and managing acoustic input to building and environmental development and engineering projects
- Attending design team meetings and advising clients, architects and engineers (internal and external) on design issues relating to acoustics, noise and vibration
- Project manage the acoustic input to projects
- Supervise and co-ordinate the work of others
- Manage project teams to ensure production of deliverables to agreed timelines
- Produce detailed technical reports

About You

- Degree qualified in acoustics, or alternately physics, mechanical engineering, or similar related discipline
- Proven relevant acoustics experience working in a consultancy environment on diverse projects
- Good working knowledge of all relevant codes of practice and industry standards
- Strong technical, commercial, mentoring and interpersonal skills
- Experience of noise modelling software

About PBA

We offer a competitive salary and flexible benefits package, which includes contributory pension plan, discretionary bonus scheme and a generous flexible benefits allowance.

Peter Brett Associates (PBA), now part of Stantec, are an ambitious and enterprising team of multi-disciplinary consultants. Consistently ranked as an industry leader for training and development, we actively support and encourage our professional growth, enabling you to continually develop and realise your full potential.

Our journey of growth is set to accelerate with the recent announcement that we are joining forces with Stantec, a global consulting business. We have an ambitious growth agenda in the UK and by joining the Stantec family we have reinforced our ability to deliver our strategy.
