

"Surface is a multi-disciplinary Environment and Design Consultancy specialising in the built environment."

Senior Acoustics Consultant

Glasgow | Competitive Salary + Benefits

Surface Property cover all environmental services relating to the planning process and work on all scales of projects from individual properties to major development schemes across the UK and internationally.

We are looking for a Senior Acoustics Consultant to join our Glasgow team and support the delivery of a diverse range of projects throughout the UK. This position would be well suited for someone looking to build on their existing skillset and develop a broad range of experience and specific expertise on high profile projects with major clients.

The position will include carrying out noise assessments for projects across a range of sectors including residential, industrial, renewables, commercial and infrastructure projects. The role will principally involve survey design, consultation, reporting, project management and business development activities, but will also include writing proposals, client liaison and occasional site work such as on-site noise monitoring. Demonstrable practical experience in residential and industrial noise assessments would be advantageous. The role would also include supervising and mentoring more junior staff.

As this role includes both field and office-based work, a full UK driving licence is required and the successful candidate must be willing to travel throughout the UK and Ireland as necessary.

The following experience / qualifications would be beneficial:

- At least 3 years' experience in a "Consultant" role;
- Degree in Acoustics or related discipline, or Post-graduate Diploma in Acoustics and Noise Control;
- Membership of Institute of Acoustics; and
- Experience in undertaking noise assessments for residential, industrial or infrastructure projects, including undertaking noise and vibration monitoring, data analysis and reporting.

Surface offers a competitive salary package, plus benefits, excellent training and development opportunities and the chance to work on a selection of exciting projects across a range of sectors.

To apply for this position please send your CV to careers@surface-property.co.uk or if you have any questions, call our Glasgow Office on 0141 225 8444
