BWB CONSULTING

Providing its people with an outstanding place to work.

We have an opportunity for an experienced Consultant or Senior Consultant to join our team in our Manchester Office.

ABOUT THE ROLE

Our team is growing rapidly, and we want you to be a part of it. There is an exciting opportunity at BWB for someone that is seeking exposure to clients, challenging projects and career progression. Crucially, you will have a say in the future direction of the team. If you have at least three years of proven experience in environmental noise and vibration consultancy, then let's talk!

The role will provide an opportunity for an individual to demonstrate a broad range of skills by undertaking specialist technical work, whilst working as part of a small, integrated, progressive environmental team. There is also the opportunity to get involved in some great architectural acoustics projects too. Our work is varied and widespread - spanning the full lifecycle of a development - supporting our clients on projects both locally and throughout the UK. We value innovation, while always seeking to provide commercial solutions to complex environmental issues.

WHY CHOOSE BWB?

It's quite simple really. We invest in our people and give them fantastic career opportunities, that's why! It's not just us who say that either. Look at what we have been recognised for recently:

- Investors in People Platinum standard
- Ranked 59th in The Times Top 100
- ACE Training Initiative of the Year 2016 (which we won for the BWB Academy)
- ACE Best UK Business Performance for a Medium-sized Firm 2016
- Top 30 ranking in the country by New Civil Engineer

Take a look at www.bwbconsulting.com where you can see a selection of the type of projects we work on, and there are some videos too which give an insight to what it's like to work with us.

WE CAN OFFER YOU:

- An excellent career with a competitive salary
- Exciting and varied project design experience
- Supportive Graduate programme starting from day one
- Close mentoring support through to Chartership
- 25 days holiday plus additional holiday purchasing scheme
- 1 paid day of volunteering for a company-nominated charity
- Cashback medical cover
- Rewards scheme offering discounts on shopping, cinema tickets, theme parks & gyms
- Regular social events

WHAT ARE WE LOOKING FOR?

Ideally the successful candidate will hold a degree in an acoustics related discipline or equivalent. Membership of the Institute of Acoustics, as either MIOA or AMIOA, is essential.

WHAT DO YOU DO NEXT? ...COME AND BE PART OF OUR JOURNEY

If you are interested in applying for this role please send your CV with a covering letter stating which vacancy you wish to apply for: nicola.macdonnell@bwbconsulting.com
