Due to internal growth and continued success, we are looking to further develop our London office team. Opportunities have arisen for graduate and experienced consultant positions, to work alongside colleagues servicing existing client needs in London and surrounding areas.

The right candidates will have the opportunity to work on a wide range of exciting and fulfilling projects in all sectors including residential, commercial, hotels, education, entertainment, airports, industrial, energy, infrastructure and more.

We are looking for outgoing candidates who want to be an integral part of our growing company, going beyond the acoustic engineering tasks and delivering excellence on a daily basis.

Graduate Requirements:

- Relevant acoustics, physics or audio related degree (or IoA diploma)
- Full UK (or European equivalent) driving license

Experienced Consultant Requirements:

- At least 1 to 5 years' experience in acoustics and AMIOA or MIOA membership
- Full UK (or European equivalent) driving license
- Ability to manage small to medium projects, depending on experience
- Excellent communication and commercial skills
- Demonstrable experience in environmental and/or architectural acoustics

Attitude is key and for an ambitious candidate who wants to be integral in driving our company forward, we can offer an unmatched opportunity to grow with us.

Our staff being our best asset, we strive to offer an enjoyable and flexible working environment. We offer an extremely competitive salary based on experience and capability, a generous bonus scheme, company pension and hybrid working.

If you are keen to take up this new challenge and rewarding position within our team of great people, please send your CV to careers@clementacoustics.co.uk and find out more about us at clementacoustics.co.uk.
