

Senior Acoustic Consultant

Mayer Brown is a successful and fast growing Transport Planning, Infrastructure Design & Environmental Consultancy based in Woking with offices nationwide.

For over 25 years the company has developed excellent working relationships with its clients which has helped to form its impressive reputation within the industry. Our people are vital to delivering the best possible service to our clients. At Mayer Brown we also offer the opportunity for cross-disciplinary working, enabling input into a huge variety of local and national projects.

We are currently looking for a Senior Acoustic Consultant to add to our talented and dynamic environment team in our Woking office (25mins by rail from London Waterloo).

Our services focus on environmental noise and vibration, but we also provide architectural, building services and industrial acoustic design services.

You should have at least 4 years consultancy experience and be a Member of the Institute of Acoustics. You should be motivated, have excellent reporting skills (both verbal and written) and a drive to assist in the leadership and mentoring of our expanding team.

We provide consultancy services throughout the UK, so a full UK driving license is essential.

In return we will offer a competitive salary, annual bonus, private pension contributions, life assurance, car allowance and other benefits.

Candidates should send their CV to Paul Gray at pgray@mayerbrown.co.uk or call on 01483 750508 for an informal chat.
