

Recruitment Solutions: **Acoustics | Noise | Vibration**

Since 2004, MSA has provided a bespoke recruitment service to clients and candidates working in Acoustics, Noise and Vibration. As a niche recruiter in this sector, we have developed a comprehensive understanding of the industry enabling us to provide candidates with a wealth of information and a consultative approach to securing your next career move. We are currently recruiting for the positions listed below – and for a full list of our current vacancies, please visit: www.msacareers.co.uk/vacancies

Junior Acoustic Consultant | Manchester area / North West | £25,000 to £30,000

This is a fabulous opportunity to work for an independent multi-discipline environmental consultancy from their offices north of Manchester. Working under the guidance of the Acoustics team leader, you will be responsible for conducting site noise surveys and assessments in line with legislation (BS8233 / BS4142, BS5228), liaising with clients and regulators and assisting the senior acousticians within the team.

You will hold a relevant degree (Acoustics / Physics / Science) and ideally have completed (or currently studying) the Institute of Acoustics Diploma. You must possess your own vehicle and a full UK driving licence. The role will provide excellent training and a healthy mix of site and office work. Candidates must reside (or easily be able to move to) the North West area (Manchester / Lancashire areas).

Schools Design: Senior Acoustic Consultant | London / South of England | up to £55,000 + share scheme

Acoustic conditions in the classroom can have a significant influence on educational outcomes. Our client is an established Acoustic consultancy shaping national policy and providing practical design advice for acoustically effective teaching and learning environments.

They help architects, designers and developers deliver great sounding learning spaces – providing acoustic design advice for teaching environments of every shape and size. They have an outstanding opportunity for a Senior Acoustic Consultant to assist in delivering schools projects.

Candidates are likely to have a minimum of 5 years post graduate consulting experience, with a significant project portfolio linked to schools of design. You will possess a relevant degree and hold Corporate Membership of the Institute of Acoustics. The role will offer hybrid working (3 days in the office / 2 days from home). Candidates will reside in the South East of England in a commutable distance of London / Croydon / Sussex areas.

Acoustic / Senior Consultant | East Midlands, Manchester, London or Leeds | up to £45,000 + Benefits

Our client is a large multi-discipline global consulting firm who are looking to recruit acousticians with consultancy experience at Consultant and Senior level. Your background can be from any area of consultancy work (Environmental / Buildings / Industrial / Occupational Noise). You will be expected to run your own projects and assist other team members across the group. The work is incredibly varied so no two days will be the same. You will get involved in all aspects of work (site meetings / reports writing / fee proposals / noise modelling).

Candidates will possess a relevant degree linked to Acoustics along with a minimum 3 years of experience in acoustic consultancy. You will hold membership of the Institute of Acoustics (AMIOA / MIOA) and possess a full UK driving licence.

The company provide Continuous professional development opportunities.

The role will be split 50/50 home / office working.
