

## Acoustic Consultant | London

Are you ready to advance your career with an industry leader? KP Acoustics Group, the global experts in Acoustics, is seeking an experienced Acoustic Consultant to join our London team. In this role, you'll work across diverse projects, offering your expertise in noise and vibration consultancy to deliver impactful solutions for our Clients.

### About KP Acoustics Group

We are leaders across multiple domains, including Consultancy, Monitoring, Research & Innovation, Training, and Product Testing. We're also the creators of eNView, a cutting-edge acoustic monitoring platform. If you're passionate about innovation and want to work with a forward-thinking team, this is your opportunity.

### What We're Looking For:

- **Experience:** 2-5 years in acoustic consultancy with a solid track record of success across varied projects
- **Education:** Bachelor's degree in a relevant subject and/or IOA Diploma in Acoustics and Noise Control
- **Technical Skills:** Proficiency in building and environmental acoustics, relevant legislation, and acoustic software (e.g., ODEON, INSUL, Soundplan, CadnaA)
- **Communication:** Excellent verbal and written communication skills for effective client interactions

### Key Responsibilities:

- Deliver high-quality, innovative solutions in acoustics
- Manage time and projects efficiently to meet deadlines
- Engage in all project phases, from initial concept through to commissioning
- Collaborate with team members and contribute to the team's shared success

### What We Offer:

- **Compensation:** Competitive salary, bonus structure, and company benefits
- **Flexibility:** Primarily office-based in London, with hybrid arrangements considered
- **Development:** Opportunities for professional growth and training support

If you're passionate about Acoustics and driven to excel, we'd love to hear from you!
