

WHO WE ARE:

Logika Group is one of the UK's leading independent environmental consultancy. As our Acoustics team continues to grow, we're looking for passionate individuals to help deliver transformative infrastructure and renewable energy projects nationwide.

THE OPPORTUNITY:

Work on nationally significant projects using advanced modelling techniques and contributing to sustainable solutions. You'll collaborate with a multidisciplinary team across acoustics and other environmental domains in a supportive and dynamic environment.

WE'RE LOOKING FOR:

Curious, collaborative, and clear-thinking professionals with a passion for acoustics. Experience in modelling, reporting, and stakeholder engagement is highly valued. A relevant degree and professional membership are advantageous. We are also looking for a junior software developer to support the ongoing design, development, and maintenance of our software solutions.

WHAT WE OFFER:

Competitive salaries and benefits, flexible working options across our offices, clear career progression pathways, and access to cutting-edge tools and training.

Location: Flexible UK (Brighton, Bristol, Leeds, London, or Warrington)

Type: Full-Time

CURRENT OPPORTUNITIES:

SENIOR/PRINCIPAL ACOUSTIC CONSULTANTS

INFRASTRUCTURE AND RENEWABLE ENERGY

Lead projects, shape policy, and engage with stakeholders.
