SENIOR BUILDING ACOUSTICS CONSULTANT in Auckland

We are looking for an *experienced Building Acoustics Consultant* to join our Auckland office.

Marshall Day Acoustics is a globally recognised consultancy focused on innovative, creative and flexible design solutions.

We are looking for someone who shares our passion, possesses excellent technical skills and a track record of achieving outstanding results.

The role would involve managing projects across a wide range of building types including tertiary education, civic buildings, studio, performing arts and residential.

This requires sufficient expertise and experience (8 years +) to operate independently as well as lead and develop small teams.

If this is you, then please email recruitment@marshallday.co.nz
