

Acoustic Consultant / Trainee Acoustic Consultant

NoiseAssess are seeking to recruit an Acoustic Consultant or a Trainee Acoustic Consultant. We are seeking applications from recent graduates and consultants with up to 5 years' experience. We handle a wide variety of work including planning noise assessments for residential, commercial and industrial developments, plus sound insulation advice and testing for Building Regulations Approved Document E.

The job will include:

- Sound insulation testing
- Environmental noise surveys
- Data analysis
- Acoustic calculations
- Preparation of reports
- Quoting and invoicing
- Liaison with clients, Local Authority officers, etc.

Previous experience of noise consultancy work would be an advantage but is not essential because in-house training will be provided. Whilst the initial role will be to support the existing acoustic consultants, it is expected to develop with you taking on increasing responsibilities for project management.

Requirements:

- IOA diploma in Acoustics or a suitable degree which includes sufficient acoustics content for AMIOA status
- Clean driving licence
- Good written and verbal communication skills
- Excellent IT skills including MS Word & MS Excel
- A practical and technical ability to resolve problems quickly and effectively.
- A willingness to work outside normal office hours when required.

The post will be based in our Chesterfield office. A substantial amount of time will be spent on site visits. There may be scope for working from home for part of the time following initial training.

Please apply by email including your CV to Matthew Gascoigne, matthew@noiseassess.co.uk.

Direct applications only – no agencies.

Include in the covering email details of your current employment or training situation, why you would like to work for NoiseAssess Ltd and factors you consider make you suitable for this role.

The closing date for applications is Friday 6 September 2019. Subject to applicant suitability, we may consider applications submitted after this date up to mid-October 2019.
