

## SENIOR BUILDING ACOUSTIC CONSULTANT

Are you ready to become a part of a united team of environmental scientists, engineers, architects and musicians, all with one common goal: to deliver exceptional acoustic designs?

Would you like to work in a creative and flexible employee-owned company, with excellent conditions and a highly competitive salary?

**Marshall Day Acoustics (MDA)** is an internationally recognised community of Acoustic Consultants focused on **innovative, creative** and **flexible** design solutions. We have been providing innovative acoustic designs for over 30 years and continue to invest in research and development to advance the science of acoustics and adapt to the changing world. MDA was formed in Auckland in 1981 by Christopher Day and the "First Knight of Acoustics" Sir Harold Marshall. We have carefully evolved into one of the largest **staff-owned** acoustic engineering firms worldwide. We now have over 90 Acoustic Engineers in thirteen offices covering New Zealand, Australia, China, Hong Kong and France. MDA New Zealand is proud to be '**Zero Carbon Business Operations**' certified with ekos.

MDA is a place where people can build a career. We invest in exceptional people and provide a **creative, collaborative and flexible** environment. We place the utmost value on our high performing team and are proud of our track record of hiring the **best** and the **brightest talent**. We have an enviable level of **staff retention** that provides our clients with stable and committed project teams. MDA is involved in a **wide range of high-profile projects** such as City Rail Link, Auckland Airport, New Zealand International Convention Centre and the Philharmonie de Paris, to mention a few.

### Your opportunity:

We are currently looking for new team member to join our Auckland office. If you would like to become part of our **MDA family** and work in a **social, supportive, collaborative, flexible and family orientated** environment, with a **competitive salary**, then we would like to hear from you.

If you work at Marshall Day Acoustics, you are likely to have the following qualities:

- Be engaged, committed and accountable
- Be design oriented, with the ability to think outside the box and be creative
- Be a self-starter, team player and innovative problem solver
- Have excellent written and communication skills
- Someone who enjoys consulting and liaising with key clients and stakeholders
- Welcome a challenge and manage workloads and deadlines with a high level of detail and enthusiasm
- Be passionate about life

If this sounds like you, and you have:

- At least 8 years' experience working as an acoustic consultant or in a related field
- Experience in running and delivering projects in **building acoustics**
- A relevant tertiary qualification (Acoustic related degree will be highly regarded)

Then email [recruitment@marshallday.co.nz](mailto:recruitment@marshallday.co.nz) . We look forward to welcoming the right applicants to our team!
