

## Acoustic Consultant / Senior Acoustic Consultant

### Who we are

We are a small independent acoustic consultancy practice with offices in London and Wiltshire. Established in 2012, we have grown year-on-year and posted our best financial figures in 2019.

We have a diverse workload, primarily in the environmental, architectural and building services acoustic sectors.

Our clients include Local Authorities, national restaurant and bar chains, large housebuilders and fitness gym operators, through to countless small developers.

It is this diversity and the excellent service we provide to our clients which means that workloads remain high despite the current situation and we have an opening for an acoustic consultant or senior consultant.

The role includes undertaking sound and vibration surveys, data analysis and assessment, calculations and using computer software, and producing high-quality acoustic reports for a variety of purposes.

### What we're looking for

You will be a highly motivated and ambitious acoustic consultant with at least 3 - 5 years' experience.

You will be expected to run your own projects and ideally will have already started to develop client contacts of your own.

You will hold a degree in acoustics, a related subject, or a post-graduate qualification (IOA Diploma in Acoustics and Noise Control).

You will live in the London area. Working mainly from home with the use of our London office and remaining very much part of the ACA team. You will be given all required support to develop your skills.

We actively promote professional development within the company and you will be encouraged to attend relevant seminars and training courses.

The right candidate can expect a competitive salary and benefits package. There is potential for development and the role would ideally suit someone with ambitions to achieve a management role.

To apply please send your CV and a covering letter detailing your relevant experience addressed to [samantha@aca-acoustics.co.uk](mailto:samantha@aca-acoustics.co.uk)
