

Acoustic Testing Engineer – London & Home Counties – 18/11/2020

NOVA Acoustics Ltd is one of the UK's leading acoustic consultancy and sound testing organizations. We are looking to appoint an acoustic testing engineer to aid with the day to day field testing for our acoustic consultancy and sound testing work in London.

The primarily field-based role will have the following duties:

- UKAS Accredited Sound Insulation Testing
- Building Acoustics Testing, Diagnostics & Design
- Environmental noise measurement and data analysis

The successful candidate should have:

- A minimum of 1 years' experience sound insulation testing
- A minimum of 1 years' experience environmental noise measurements.
- A Degree or similar, preferably in acoustics, physics, mechanical engineering or music technology; (not essential)
- Professional membership to the IOA, TechIOA, Associate member; (not essential)
- Willingness to learn and work as part of a team
- Ability to manage time, resources and projects effectively;
- Full clean driving licence essential; and
- Excellent IT, oral and written communication skills.

What we can offer you:

- To reward your hard work and commitment we offer both core and flexible benefits, plus a competitive salary.
- Performance-based bonus
- Working from Home
- Company Van
- Contributory pension scheme
- 28 days annual leave
- Overtime paid at x 1.5
- Flexi Time / TOIL

Role Information:

- Working week: 40 hours per week
- Probation period: 6 months
- Annual leave: 20 days plus public holidays
- Job Type: Full-time

Application deadline: 18/12/2020

Commencement Date for Role: January 2021

Job Types: Full-time, Permanent
