

Acoustic Testing Engineer Vacancy | Location: Leeds

NOVA Acoustics Ltd is one of the UK's leading acoustic consultancy and sound testing organizations. We are looking to appoint an acoustic testing engineer to aid with the day to day field testing for our acoustic consultancy and sound testing work in Leeds and Northern England.

The primarily field-based role will have the following duties:

- UKAS Accredited Sound Insulation Testing
- Building Acoustics Testing, Diagnostics and Design
- Environmental noise measurement and data analysis

The successful candidate should ideally have:

- Preferably 1 years' experience of sound insulation testing
- Preferably 1 years' experience of environmental noise measurements
- A degree or similar, preferably in acoustics, physics, mechanical engineering or music technology.
- Preferably have Professional membership to the IOA, Tech IOA or Associate
- Willingness to learn and work as part of a team
- Ability to manage time, resources, and projects effectively
- Full clean driving licence essential
- Excellent IT, oral and written communication skills

What we can offer you:

- Salary Banding of £21,000 - £25,000
- Performance based bonus
- Company Van
- Flexi Time / TOIL / Overtime paid @ x1.5
- 31 Days annual leave
- Private Medical / Dental insurance and Wellness Programmes

Role Particulars

- Working Week: 4 or 5 Days per week (preferably 4 days per week)
- 40 Hours Per Week (dependant on candidate)
- Probation period: 6 months
- Permanent Contract
- Commencement Date for Role: January / February 2022

Please contact adam.m@novaacoustics.co.uk with your CV and cover letter.
