Omnia consulting provide technical expertise and innovative solutions to complex and challenging environmental issues.

Based in the UK, we provide support to our clients across a wide range of sectors and disciplines including construction, development and infrastructure as well as planning and support services.

ACOUSTIC CONSULTANT

We are looking to recruit an enthusiastic Acoustic Consultant to work within our Multi-Disciplinary team based in Portsmouth. We are looking for someone with a minimum of 1-2 years' experience within a similar role. Experience with Post Completion Building Acoustics and Air Quality would be a bonus but not essential.

We are looking for someone to support a variety of projects including, but not limited to, residential developments, commercial developments, schools and sporting developments.

Main Duties include:

- Project Management of certain projects under the overall direction of the Line Manager as appropriate
- Regular communication with Line Managers, and/or Clients as appropriate to keep them up to date with the progress, status, and findings of all project work.
- Undertaking noise surveys across a variety of locations across the UK.
- Timely and accurate response to all client enquiries
- Communication with the Line Manager at all times to keep them up to date with new proposals, enquiries, projects, and related matters.
- Timely delivery of projects in line with agreed project programmes and budgets
- Timely raising of invoices in line with agreed project invoicing profile to manage overall WIP

Requirements:

- An ideal candidate would have 1-2+ years' experience within a similar position.
- An associated degree, or equivalent qualification is preferable, though not essential for the right candidate.
- AMIOA, MIOA within the Institute of Acoustics would be preferable, though not essential for the right candidate.
- A full driving licence.
- Knowledge of noise modelling software CadnaA would be advantageous.
- Knowledge in Sound Insulation Testing and Air Tightness Testing would be advantageous though not essential.

Job Types: Full-time, Contract, Permanent

Salary: Competitive Plus Benefits
