

OXFORD AND LONDON

Acoustics Engineering. Opportunities.

“Standing in a building, knowing you helped craft solutions that made it what it is: how it feels, how it functions, how it looks, how it SOUNDS... That’s the moment great design comes to life.”

Hoare Lea is an award-winning engineering consultancy with a creative team of engineers, designers, and technical specialists. We provide innovative solutions to complex engineering and design challenges for buildings.

With a well-deserved reputation for innovation, we work with leading architects, developers, and contractors on prestigious and exciting projects. Our portfolio of clients and projects is as diverse as it is impressive. From new homes, schools, and workplaces to film studios and music venues, our work encompasses environmental noise and vibration analysis, architectural acoustics, and sound systems design.

WHY WORK FOR US?

Collaborate with the industry’s best, be part of progressive and exciting projects and advance your career, your way, thanks to our structured Career Paths framework.
