Laboratory Auditor

Acoustic Test & Calibration Laboratory/ Thermal Laboratory

An experienced auditor is required to carry out internal audits of the Laboratory's **UKAS** accredited Quality System to ensure adherence to BS EN ISO 17025: 2017.

We expect the appointment to be on an external consultancy basis. The candidate will have a combination of the following experience/qualifications:-

- Knowledge & application of formal audit framework (BS EN ISO 17025 or similar, UK Approved/Notified body)
- Knowledge of quality management
- Knowledge of UKAS accredited systems
- Engineering, preferably Acoustics/Thermal background
- Educated to postgraduate, diploma/degree level or equivalent
- Auditor qualification

Approx. 2 to 3 days per month, 10 months per year (flexible)
Day rate dependant on experience
