

Noise Consultants Ltd

Principal Consultant – Warrington

Senior Consultant – London and Warrington

Assistant Consultant/ Consultant – London and Warrington

The Company

Noise Consultants Ltd was established in 2017 and has rapidly become one of the leading independent acoustic consultancies in the UK. With a wealth of experience gained at large multi-disciplinary consultancies the senior management team have developed a reputation for delivering innovative and robust advice in a highly responsive way. Our work includes key roles on nationally significant infrastructure projects, Government policy delivery and research projects.

Noise Consultants Ltd alongside its sister companies, Air Quality Consultants Ltd and Logika Consultants Ltd, form the Logika Group of Companies. We comprise more than 70 environmental experts based in the UK and continental Europe, with the three companies managed by a single senior leadership team. We see flexibility and collaboration as essential to our continued success and we manage the Group of companies as if a single entity.

We provide people with the opportunity to progress and work on interesting projects with a wide range of valued clients who operate in a variety of sectors.

The Role

Due to our continued growth, we are currently seeking enthusiastic people to join our team in our London and Warrington offices.

The successful candidates will be involved in exciting noise and vibration projects across a range of sectors including planning and development, aviation, policy and the built environment. They will get the opportunity to work with digital data, sophisticated modelling and data science tools, and will be exposed to projects involving wider related disciplines and specialists such as air quality and climate change.

This is an exceptional opportunity at an exciting time both for our business and for environmental consultancy. With us, you will be involved at the heart of the team and will play a key role in the delivery of our work. You will work in a friendly, supportive environment and will be given one to one support, mentoring, learning and development from experienced colleagues.

What we offer

You would be part of one of the most highly respected acoustic consultancy teams in the UK, involved in interesting and challenging projects in the UK and internationally.

We are a growing Group of companies that wants to do things differently, with an exciting future that will help you shape and realise your ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

We ensure we can support our employees through offering wellbeing programmes and policies that

support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme.

Furthermore, along with a competitive salary, we offer a benefits package which includes an enhanced pension scheme, death in service life cover, discretionary bonus scheme and much more.

Noise Consultants Equal Opportunities Policy is to ensure that no applicant receives less favourable treatment on the grounds of age, disability, gender, reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

How to apply

For a full job description please contact careers@noiseconsultants.co.uk stating the proposed grade and location applied for. Alternatively, please send a full CV and covering letter setting out how your experience is relevant for the role and why you are interested in being considered. If you have any questions on the role and/or group, then send them through to the email address above.
