

Graduate Acoustics Opportunities

What we offer

- Excellent pay and pension.
- Four-day week.
- Up to 30 days holiday.
- Payment of IoA fees.
- Diverse projects.

Exceptional opportunities for ambitious graduates to work within an enthusiastic team at a leading acoustic consultancy. This is your chance to be involved in some unique projects from film stages, state of the art offices, schools designed for SEND learning, most hotel brands and noise and vibration within industry and onboard ships.

Responsibilities include planning and doing noise and vibration surveys throughout the UK, data analysis, care of instrumentation and forging strong client relationships. Flexibility, driving license and charisma essential. Qualifications should include an acoustics degree and/or IoA Diploma.

Interested? Email m.woolley@environoise.co.uk with your CV. Direct applications only. Environoise Consulting Limited, 8 The Quadrant, Hoylake, Wirral CH47 2EE.
