

Consultants – All Grades

Noise Consultants Limited

Location: London, Bristol and Warrington

The Company

Noise Consultants Ltd was established in 2017 and has rapidly become one of the leading independent acoustic consultancies in the UK. With a wealth of experience gained at large multi-disciplinary consultancies the senior management team have developed a reputation for delivering innovative and robust advice in a highly responsive way. Our work includes key roles on nationally significant infrastructure projects, Government policy delivery and research projects.

Noise Consultants Ltd alongside its sister companies, Air Quality Consultants Ltd and Logika Consultants Ltd, form the Logika Group of Companies. We comprise more than 100 environmental experts based in the UK and continental Europe, with the three companies managed by a single senior leadership team. We see flexibility and collaboration as essential to our continued success and we manage the Group of companies as if a single entity.

We provide people with the opportunity to progress and work on interesting projects with a wide range of valued clients who operate in a variety of sectors.

The Role

Due to our continued growth, we are currently seeking talented and enthusiastic people to join our team in our London, Bristol or Warrington offices. We are seeking applicants with pertinent qualifications at all grades.

The successful candidates will be involved in exciting noise and vibration projects across a range of sectors including planning and development, aviation, policy and the built environment. They will get the opportunity to manage projects and coordinate our pool of consultants and technical resources to support delivery. They will also contribute towards business development by preparing proposals and working closely with our client base.

This is an exceptional opportunity at an exciting time both for our business and for environmental consultancy. With us, you will be involved at the heart of the team and will play a key role in the delivery of our work. You will work in a friendly, supportive environment and will be given one to one support, mentoring, learning and development from experienced colleagues.

What we offer

You would be part of one of the most highly respected acoustic consultancy teams in the UK, involved in interesting, challenging and rewarding projects in the UK and internationally.

We are a growing Group of companies that wants to do things differently, with an exciting future that will help shape your and the Group's ambitions. You will have a great opportunity to work with a talented and dedicated team and be able to develop your career as the company grows.

We support our employees through offering wellbeing programmes and policies that support individuals. These include flexible working, trained mental health first aiders and readily available support through our Employee Assistance programme, as well as regular social events.

Furthermore, along with a competitive salary, we offer a benefits package which includes an enhanced pension scheme, death in service life cover, discretionary bonus scheme and much more.

How to apply

Please apply using the application form on our website – www.noiseconsultants.co.uk/careers

If you have any questions on the role and/or group, then send them through to careers@aqconsultants.co.uk. Further information is available on our websites:
